	Selling		Selling		Selling
	€ 50.00		€75.00		€ 100.00
Features:					
<p>Traffic Blazer makes it a snap to promote your business online, increase your online visibility and make money on the Internet...in four simple steps! NO technical expertise is necessary. If you can type and click, you can use Traffic Blazer! It even works with Safari, so Mac users can enjoy the benefits, too! Still not sure? We even included the comprehensive Traffic Blazer Help System, offering tips, guidance and detailed tutorials on search engine optimization and the search engine industry.</p>					
<p>1 Search Engine Optimization - Position your Web site for the best possible ranking with leading search engines. Traffic Blazer's keyword and site optimization show you the words and phrases search engine users search for (powered by Yahoo!'s Sponsored Search)</p>					
<p>2 Web Site Analysis - Traffic Blazer's robust analysis (including keyword usage, spider ability, and Robots.txt files and Robots Meta tags) of your site's strengths and potential weaknesses helps you secure crucial search engine success.</p>					
<p>3 Submission - Easily submit your Web page(s) to leading search engines. Around the world or region-specific, it's up to you. Traffic Blazer helps you submit your site to more than 200 search engines and directories in all!</p> <p>NEW! Target your local audience. Submit your site to local search engine programs like Google Local, Yahoo! Local, Live Search (MSN) and Local.com™. * For brick-and-mortar businesses only; not available to online-only businesses. Or use Traffic Blazer to submit your blog to more than 75 blog search engines and directories.</p>					
<p>4 Reporting - No more wondering about results. Traffic Blazer is loaded with reports that give you answers, including Link Popularity to gauge the crucial number of inbound links to your Web page; List Checking to verify that your Web page is listed with the Internet's leading search engines and directories; Alexa/Google Rank to assess your page's online performance; Competitor Rank to compare your site's search engine ranking to that of your competitors; and Keyword Ranking to learn your current ranking on AltaVista, Hotbox, Lycos, and MSN.</p>
